Yamaha has reinforced its dominance in the Hyper Naked category with the new MT-09. Lighter, more powerful, and more technologically advanced in every area, this dynamic new motorcycle is the purest expression of the core values that make the MT range such a huge hit.

Its large-capacity 889cc CP3 engine pushes out higher levels of torque at lower rpm, giving you even more explosive acceleration and stronger road-focused performance. A high-tech 6-axis IMU governs the best-in-class electronic rider aids to give you ultimate control. For razor sharp handling the new model features a compact aluminium chassis along with adjustable suspension and super light wheels. Dual 298mm front

brakes with radial master cylinder ensure fingertip control. And the radical next generation styling and pure coverless chassis design confirm the MT-09 as the ultimate package.
