Experience the electric mobility of her best side, no oil change or refill, no stinking exhaust gases, no noise pollution. The wheel hub engine together developed with BOSCH with a maximum power of 3000 watts

brings the achievement completely without gear or without delay on the street and accelerates you faster than customary petrol engines on maximum speed.

The all new SUPER SOCO TS

Breathtaking. Inspiring. Revolutionary. Or just simply fantastic. The new Super SOCO TS is a state of the art electric vehicle when it comes to e-mobility. After many years of conceptual design and development, it has finally been created. It will thrill you without compromises, because e-mobility has become so enjoyable.
