This lightweight supersport gets a whole new MotoGP-inspired look that makes it the most radical 300 on the street... or track. Its sleek new bodywork echoes Rossis race bike, and the aggressive new dual LED headlights underline its pure R-series DNA.

New high-specification 37mm inverted front forks offer enhanced suspension feel and feedback, while a lower fuel tank and revised handlebar position improve rider ergonomics to give you greater comfort and control.

Step up to the plate, and enter R-World.
