Transmission	Manual

The new 2025 Tenere is here, and we're taking orders now, choose a colour !

Introducing the 2025 Yamaha Tenere 700, an adventure motorcycle reimagined for the modern explorer. Inspired by Yamaha's rally heritage, the 2025 model delivers enhanced performance, refined ergonomics, and cutting-edge technology.

Key Upgrades for 2025:

Rally-Inspired Styling: The TNR 700 exudes a bold, Dakar-ready presence, featuring a new quad-LED headlight, colour-matched

handguards, and a flatter, one-piece rally-style seat.

Advanced Electronics: Yamaha's Chip-Controlled Throttle (YCC-T) introduces two selectable ride modes, Sport and Explorer, allowing riders to tailor throttle response to their preference. The new 6.3-inch full-colour TFT display also provides smartphone connectivity, turn-by-turn navigation, and intuitive switchgear controls.

Enhanced Suspension: The 2025 model is equipped with fully adjustable 43mm KYB front forks and a redesigned rear shock, ensuring optimal performance across various terrains. The preload adjuster on the front forks allows for quick tuning to suit different riding conditions.

Improved Ergonomics: The repositioned 16-litre fuel tank lowers the centre of gravity, enhancing handling and stability. Larger footrests and a new clutch cover design provide increased comfort and freedom of movement, especially during off-road adventures.

Refined Engine Performance: The 690cc CP2 engine has been updated with a shorter intake duct, delivering improved torque and power delivery in the low-to-mid rpm range, ideal for off-road riding.

Whether navigating city streets or conquering rugged trails, the 2025 Yamaha Tenere 700 is engineered to elevate your adventure experience. Embrace the spirit of exploration with a motorcycle that combines performance, comfort, and innovation.

The 2025 Tenere 700 available in Yamaha Ble, Frozen Titanium and the heritage sky blue
