For 2025, the MT-07 once again sets the trend with a fresh new look, an even higher specification and the option of both Lams and High Output variants. Renowned for its grin-inducing character, the new MT-07 now offers and even more invigorating riding experience thanks to a revised chassis and a host of customisable riding modes, as well as the adoption of the YCC-T electronic throttle and a sound enhanced version of the CP2 engine to form an even greater bond between rider and machine. The result is a versatile middleweight motorcycle, a fun machine which is at home on the daily commute as it is carving through switchbacks.

2025 MT-07 top features:

Compact new styling with new riding position
